

# SERVICE BULLETIN

No. 175

Piper Aircraft Corporation,

Lock Haven, Pennsylvania, U.S.A.

FAA APPROVED

June 9, 1959

---

SUBJECT: Starter Solenoid Circuit Protector

MODELS AFFECTED: PA-23, Serial Numbers 23-747 to 23-1534 inclusive

A circuit protector shall be added to the starter solenoid circuit on the above mentioned airplanes. It will be necessary to replace three (3) 20 gauge wires with 16 gauge wires and to install a 15 amp circuit protector, circuit protector placard and buss assembly.

Service Kit, number 754 220, is available from your Piper distributor or dealer free of charge when the aircraft serial number is included on the purchase order.

Two hours of warranty labor will be allowed.
